

Sixteen year old rescues father, brother from ice

A tragedy was narrowly avoided last week when three members of a family went skating on Canning Lake east of Minden.

Ralph Dells and his sons, 15 year old Jim and Douglas, 16, decided to tour the lake on skates December 27. They were staying at their cottage on the south shore of Canning Lake for the Christmas holiday.

"We set off for an island at the north end of the lake near where the water flows in from Lake Kashagawigamog," Mr. Dells explained. "We had checked the thickness of the ice elsewhere on the lake and found there was four to five inches. In fact we had walked across the lake."

One of his sons had already skated out to the island and returned to the cottage. This time, however, when the trio set out, they decided to skate around the island before returning.

"Jim was out in front as we rounded the end of the

island and suddenly he sank through the ice into the water," Mr. Dells recalls. "I stopped and immediately found myself sinking into the water as well."

The father called to his second son who had been skating behind them to immediately lie down on the ice. Douglas did, and working his way across the fragile surface of the lake he edged closer to the hole where his brother was struggling. Extending a hockey stick he had been carrying he managed to pull Jim out of the hole and he scrambled across the surface to firmer ice.

Douglas then rescued his father using the same method. "I pulled myself out a number of times only to have the ice break away under my weight again," Mr. Dells said. "Finally the ice was able to hold my weight and we returned to the cottage dripping and cold."

"I went through the ice at 3:10 in the afternoon," Mr. Dells recalls. "I know the time exactly, because that is when my watch stopped working."

Although he was unable to say how long he was in the water, Mr. Dells said he did not think it had been too long. "There are a lot of details I don't remember from the incident," he said, "there was just too much to worry about."

The father had insisted the trio take hockey sticks with them when they set off. "The boys complained that the sticks cramped their skating style, but I thought it would be a good precaution...just in case." His foresight obviously paid off.

The spot where the two broke through the ice was at least over their heads. "I couldn't touch bottom and it sure is difficult trying to tread water with ice skates on," he laughed.

Speculating on why the ice was thinner at the far end of the island, Mr. Dells suggested that the mild weather of

Wild car chase ends in charges being laid

A car chase that led police from Ingoldsby to Minden December 28 has resulted in a number of charges being laid against an Ingoldsby resident.

According to the authorities, a late model car was taken from the driveway of an Ingoldsby residence at about 8 p.m. last Tuesday evening. A relative of the owner gave chase but lost sight of the vehicle on the South Lake Road.

The police were notified

and Constable Bob Wood noticed the car travelling north on Highway 121 north of Kinmount. He gave chase and attempted to stop the car, but it continued, turning right onto Highway 35 and left onto Minden's Main Street.

As the car and police vehicle raced through town, the fleeing driver sideswiped the cruiser being driven by Constable Wood. With a second cruiser in pursuit, the car turned in at the upper

entrance to the Minden Community Centre. However, when the driver attempted to make a sharp turn near the Arena, the car swerved into a grove of pine trees. The driver attempted to escape on foot and was apprehended by Constables Wood and Dennis Potter.

Timothy Eastman, 18, of Ingoldsby, has been charged with theft of an automobile and dangerous driving. The man is currently being held in custody at Lindsay jail.

The recovered car sustained \$3000 damage while the damage to the police cruiser was estimated at \$1300.

A deer gift

A Haliburton County deer has several members of the Minden detachment of the Ontario Provincial Police and a member of the local MNR staff to thank for a rescue that took place Christmas Day.

Constable Jim Solway of the local detachment noticed the animal swimming in Twelve Mile Lake. The animal had broken through the thin ice on the lake and was having difficulty finding a suitable location to reach shore.

With the help of others from the detachment and the local MNR office, Solway was able to launch an aluminum boat which was used to break a channel through the ice to the shore.

The deer followed the open water and quickly climbed out of the icy water. The animal appeared to be none the worse for wear as it quickly dashed into the nearby bush and disappeared.

Constable Solway has become the undisputed expert on strange animal behaviour at the Minden detachment. Recently while driving along Highway 503 in Snowdon Township, the Constable's cruiser struck a young moose which had darted out onto the road in the middle of the night.

PC Solway is also one of the only police officers to share his cruiser with an owl. The incident occurred on Horseshoe Lake Road while Solway was on patrol. An owl flew in the open driver's window and came to rest on the rear seat deck of the vehicle. The owl sat there,

apparently confused as to whoooo Solway was and what he was doing in the back of his car. The police officer vacated the vehicle until the bird left the cruiser.

Council now meets Thursdays

Ratepayers interested in attending the meetings of Anson, Hindon and Minden township council are reminded that the council has changed its meeting day.

Starting this month, the council will meet on the second and fourth Thursday of each month. The first meeting will begin at 9 a.m. while the second meeting will take place in the evening starting at 7:30.

These meetings are open to the public. Those wishing to address the council on a matter are advised to contact the municipal clerk several days before the meeting date to be included on the meeting's agenda.

Tethered by a short electrical wire, this young dog was found tied to the front doors of the Anson, Hindon and Minden municipal office Monday afternoon. The office was closed for the New Year holiday. The dog, apparently left for the municipality's animal control officer, could have spent a cold night outside if passers-by had not notified authorities. The female shepherd-collie cross is currently residing at the Minden Animal Clinic waiting for her owner to claim her. One offer of a home for the dog has already been made if the animal remains unclaimed.

Ice gives way

(from page 1)

the winter might have been a factor. He said the higher water levels being experienced might also have created stronger currents at that location in the lake, eroding the ice from the underside. The father has returned to view the location of the accident, from a safe distance, and has noted that the area is now open water.

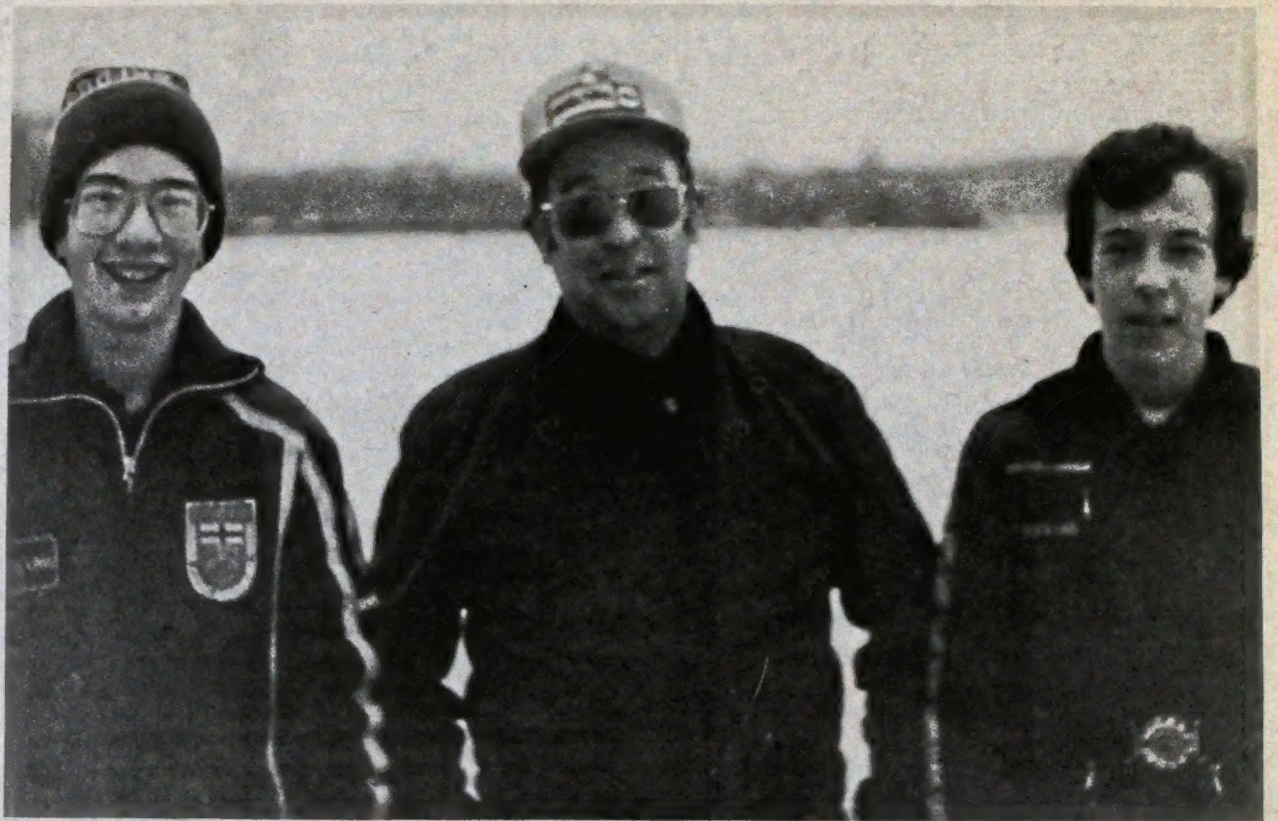

"It was a frightening experience," Mr. Dells commented. "People should have respect for the ice, particularly this year. I just hope others profit from our experience. Ice is not the same thickness in all locations."

The Dells family have enjoyed their cottage on Canning Lake for a number of years, making use of the facility in all seasons. They still plan to be winter visitors to their cottage, and during the week following the incident have been skating on a rink cleared on the lake's surface close to shore. But the experience three members of the family endured has made them more cautious about the safeness of any frozen body of water.

Police issue warning

The Minden detachment of the Ontario Provincial Police have issued a warning regarding the safety of area lakes. According to a press release issued Monday, "In our opinion there are no safe conditions on area lakes."

The police report states that no serious incidents have been reported to the local office, however they point out that neighbouring detachments have recorded a number of fatalities resulting from individuals trusting ice that wasn't safe.

Douglas Dells, 16, left, was responsible for pulling both his father, Ralph and his brother, Jim, 15, from the chilly waters of Canning Lake last week. Police have issued a warning that ice conditions on area lakes are still uncertain and extreme caution is needed by anyone venturing out on the frozen surfaces. Mild weather, which has been predicted for later this week, could add to that threat.

Woman dies in mishap

A 70 year old resident of Extensicare in Haliburton died December 29 as a result of injuries received in a car accident.

Agnes Bull was the passenger in a car driven by her son-in-law Reginald Letourneau, 42, of Havelock Township.

The mishap occurred on County Road Seven in Guilford Township. A vehicle, being driven by Keith Beard, 30, of Toronto, was north-bound when it slid on the snow-covered road while rounding a curve. The car slid into the oncoming lane and struck the Letourneau vehicle head-on.

Mrs. Bull, who was a passenger in the rear seat apparently struck her head on the head rest. She was taken to Haliburton Red Cross Hospital where she died of a brain hemorrhage.

The Beard vehicle sustained \$1500 damage while the Letourneau car had \$4000 damage.

Dr. Blair Pierce was the coroner. Constable Dave Rogers is the investigating officer.

Hit and run

Police are currently searching for a white or light grey van involved in a hit and run accident December 30 on Main Street near the Minden Red Cross Hospital.

According to the authorities, the vehicle struck a fire hydrant at that location resulting in \$1500 damage.

The police suspect the van sustained a great deal of damage to the right front corner as a result of the collision. The incident occurred at 4 a.m.

Constable Barry Connelly is the investigating officer.

December weather

by Phil Graham

	C	F
Average high	1.8	35.2
Average low	-6.8	19.7
Average for month	-5	23
Average for last December	-5.8	21.5
Highest temperature December 23	17	62.6
Lowest temperature December 13	-31	-23.8
Rainfall	109.8mm	4.3 in.
Snowfall	54 cm	21.2 in.
Total precipitation	163.8mm	6.4 in.
Days with thunderstorms	1	
Days with freezing rain	1	
Days sunny or mostly sunny	8	

In spite of all the mild weather and rain there was less than 1 degree difference in the average temperature compared with last December. Rainfall was another story, last December we did not receive any, this December over 4 inches. End of October last year 12.5 inches of snow on the ground, only 2 inches this year. Severe wind storms of December 25 and December 28 caused considerable damage.

Winds may blow and temperatures may plummet, but joggers have to run. These three intrepid runners were seen dodging snowflakes Sunday afternoon as they dashed across the playing field at the Haliburton Highlands Secondary School.

Utilities meeting planned

Deputy Reeve Ed Pergolas has announced that a special public meeting has been called for Minden Village residents to explain the financial background to the community's water and sewer system. The notification of the meeting was given at the

December 22 meeting of the council.

The two systems have been the centre of some concern over the past few years with regard to deficits in their operation, the setting of rates for both services and the advisability of purchasing the

sewage treatment system from the Ministry of the Environment. Questions have also been raised about the method in which assessment for the installation of the systems was handled.

Pergolas has indicated that he hopes this public meeting will help answer these questions and clarify some of the options open to the council in the future.

The meeting will be held January 25 at the municipal council chambers. The meeting will begin at 8 p.m.

Council briefs

Items from the December 22 meeting of Anson, Hindon and Minden township council.

Anson, Hindon and Minden township council appointed a number of committee members at the regular meeting held December 22. The following individuals will serve on the committees listed:

- Cemetery Board: Gord Monk, Jeanette Payne, Pat Campbell and Councillors Larry Cummins and Pat Burk.

- Recreation Committee: Dean Elliott, Fraser Rogers, Larry Kent, Tom Russell, John Cooper, Councillor Pat Burk and Deputy Reeve Ed Pergolas. The senior citizen representative will be Stan Blears. The youth representative is Rob MacLeod.

- Business Improvement Area: The board of directors for the BIA in 1983 will include Bob MacBrien, Stuart Brandon, Gord Monk, Jack Brezina, John Purc, Mae Wolfram and Councillor Gary Kenney.

be made when a procedural by-law is prepared by the council. Members of the committee of adjustment will continue to receive payment as per the by-law governing that committee.

Favours stamp

A resolution concurring with one received from the Township of South Fredericksburgh has been endorsed by the local council. The motion calls on the federal government to issue a postage stamp with a design recognizing the settlement in Upper Canada of the United Empire Loyalists.

Membership

The council has agreed to join the Haliburton Forest Owners' Association. The enrolment fee is \$25. Councillor Gary Kenney will serve as the municipality's representative.

The association was formed last year as a lobbying group to represent the interests of private forest land owners in the county.

Payments

The council passed a resolution placing on "hold" payments to members of municipally appointed committees. A decision concerning payments made to individuals on these committees will

Backing farmers

A resolution calling on senior levels of government to help ease the financial burden of farmers was endorsed by the Anson, Hindon and Minden council. The motion concurred with a private

member's bill which would amend the Farmers Creditors Arrangement Act to allow farmers to rearrange their financial affairs when cash flow problems arise.

Borrowing

One of the final acts of the December 22 meeting was the endorsement of by-law 83-1 which would allow the municipality to borrow up to \$1,300,000. The money which will be drawn on an "as needed" basis, will be used to help meet the municipality's financial needs prior to the payment of taxes.

Give it a try

Councillor Gary Kenney's suggestion for a series of "street fairs" in Minden's downtown was greeted with, to say the least, mixed reviews, after being presented last week. While the idea does have some drawbacks, we feel it also has merit and should be given a try.

Kenney, in adding to his initial presentation, has pointed out that the idea was simply one thrown out to stimulate discussion. As well, he stressed that any proposal which would hurt established merchants should not be allowed to continue. However he has also pointed out that properly managed and supervised, the idea could develop into an attraction which will draw more visitors to Minden and, in the end, result in benefits for all commercial establishments.

He is proposing that the idea be tried on an experimental basis, with careful assessment following the first attempt. If, it is found, the street fair is not benefitting the established merchants, then it should be abandoned.

New ideas often have a difficult time in gaining acceptance simply because they are new. With the modification and controls which have now been proposed we feel the idea can be safely attempted, hopefully with the enthusiastic backing of all concerned, until it is proven detrimental to the business community.

coming up

Saturday, January 22: H.C.S.A. Winter Dance at Minden Community Centre. 8 p.m. to 1 a.m. No Minors Please.

Wednesday, January 19: Minden Agricultural Society Director's Meeting, 7:30 p.m. Downstairs Minden Municipal Office. General Meeting at 8:00 p.m. Everyone welcome. Refreshments provided.

Jaws of winter.

outdoors

by Ron Reid - Federation of Ontario Naturalists

At a time when Canada faces the toughest winter since the Depression, when the scramble to create jobs at almost any price reached new heights, how do environmental concerns fit in to the 1983 picture? South of the border, the Reagan Administration has found one answer, by appointing anti-environment bureaucrats such as James Watt and Anne Gorsuch to dismantle

environmental regulations and chop back funding. But here in Ontario, Premier William Davis claims that we will be following a different route.

In a speech to mark the 30th anniversary of the Conservation Council of Ontario last month, Davis stressed that his government's economic recovery program "will not be at the risk of environmental short cuts". In defending Ontario's record in the environmental field, the Premier noted that this progress was not achieved by

adopting a short-sighted view, allowing only economic interests to prevail, and he promised that his government had no intention of doing so now.

Despite this commitment, the Premier's specific announcements were somewhat less reassuring. He announced once again that the chairman and terms of reference of an Environmental Assessment Advisory Committee would be established "shortly", which is a remarkably similar promise to that given in June 1981 and several times since.

Mr. Davis did drop a hint of a major environmental issue to come in the 1980's. Referring to "pressure for access to Great Lakes water by drought-stricken southern states", he raised the spectre of gigantic engineered diversion projects to siphon off Canadian water. He suggested that the governments charged with making these "extremely difficult" decisions on water use will

need to depend on an informed and committed public, especially to raise environmental concerns.

Perhaps it is issues like this, and like acid rain, with broad-ranging environmental and political implications, that are encouraging the Ontario government to hold to its environmental commitments. But it is also a high degree of public support that sways any political decisions.

Natural Resources Minister Alan Pope, for instance, recently decided to personally hold open houses across Ontario to hear views on his parks and land use plans. He was swamped by hundreds of interested citizens attending his meetings, presenting dozens of briefs and submissions.

Even in tough economic times, the people of Ontario obviously still care deeply about the management of their natural environment, and that message seems to be getting through to government.

letters

Editor:

Re: Water Level On Gull River.

I would like to say that the control of water level on Gull River is a disgrace. In the fall the level of the river was raised and lowered four feet in twelve hours.

I've had over fifteen years experience at water control with sluice gate and stop logs. The water level had to be maintained at a level with a variance of less than two feet in a two mile stretch, receiving 34,425,000 imperial gallons of water in a matter of ten minutes. As the control dams on the river are manually operated it is the responsibility of the person in charge, and only a matter of putting in or removing one stop log to raise or lower the level. (The size of stop logs are usually 14 - 16 or 18 inches square). Therefore one stop log removed at Moore Falls would lower the water level in the river and remove the hazard.

C. Riches,
Minden.

Legislation dies

- by Bill Scott, M.P. -

As I write this article today, the year 1982 has ended. It was a year marked by two budgets and the deepening of the depression that the government claimed they had designed the budgets to deal with.

The House of Commons recessed on December 22, having left several of the government's priority bills not dealt with. Legislation de-indexing Social Security Payments, Public Service

Pensions and Family Allowances will have to be made retroactively binding as the enabling bills have not yet been passed. Many income tax alterations will have to be dropped, or made retroactive as well.

Most of these measures are a result of the November 1981 budget, and the two subsequent budgets in June and October, 1982. Even though they were proposed over a year ago, the govern-

ment did not see fit to bring the enabling legislation to the floor of the House until late November of last year. Then, the government had the gall to accuse the opposition of stalling passage by insisting on a full debate on each of these bills.

These measures cannot be

taken lightly, as they will shape the direction of our economic and social policy for years to come. The Income Tax Act changes alone will force major organizational changes for small businesses, and cause others to rethink the viability of their operations. They could not be allowed to pass without full debate.

I hope the New Year will bring you and yours all that is good.

Please note our winter hours now in effect.

Petition objected to hazard land

Canadians may not be quite the complacent lot we pictured them as in last week's editorial. Since our comment, 'Speak up, Minden' appeared in the December 29 edition of The Times, we have learned of a number of actions which were undertaken by residents in the Anson Street area.

A petition, circulated among residents of Anson Street, was sent to the municipal council. The petition was signed by 25 residents and was received by the municipality April 29, 1982.

In addition, a number of letters have been received by the township.

Re: Municipal Zoning By-Law Number 82-11
Passed: March 10, 1982.

THE UNDERSIGNED do hereby provide Notice of Objection to the approval of Municipal Zoning By-law Number 82-11 by the Ontario Municipal Board and if a hearing is held by the Ontario Municipal Board, the undersigned or their agent shall attend at the hearing to state the objection(s).

REASONS FOR objections among others to be set forth at an Ontario Municipal Board hearing:

1. The designation of Hazard HZ Zone for lands subject to occasional flooding along the shores of Gull River will substantially devalue abutting property.

2. Private lands arbitrarily placed in a Hazard HZ Zone classification cannot be improved by the construction of any structure regardless of the engineering specifications, such as, for example, the construction of a retaining wall and the placing of fill similar to the improvements to the river bank which have been carried on in the past by the Corporation of the Townships of Anson, Hindon & Minden and/or its agents.

from the chamber

by Bob Stinson

There may be many who are pleased with the skimpy covering we now have on the ground but those relying on the winter tourism dollars snow generates are not among them. While getting around is relatively easy, municipalities and highway crews are saving on their snow clearing budgets, the ski slopes and trails and snowmobile thoroughways sit barren and empty.

The week of Christmas and New Year's holidays is normally expected to generate about half of the projected winter business income for most operators open in the winter. Accommodation facilities didn't lose out entirely as cancellations due to weather seemed to range anywhere from 15 to 40 per cent. Income from facilities such as ski hills and equipment and machine rentals was completely wiped out. Unfortunately the base is not rebuilding rapidly at this time either.

One business that was good over the holiday was the Video-Machine rental business. With "cabin fever" running high, Highlands T.V. and Halco Audio Visual said they were running at capacity with their machine and movie rentals. The message here, of course, is that with weather playing such unkind tricks on us so often we must continue to seek ways to keep our visitors entertained that are not reliant on the weather entirely.

Looking to '83

Probably the most significant happening in 1983 is now expected to be the "coming of age" of our county. With the dropping of the "Provisional" in front of our county name we will become a full fledged County. Although it will not change any specific ways of operation now in effect but it should, we imagine, change some attitudes. Maybe, as a full fledged County, we can approach the future with a better sense of unity and a

commitment to prove our worth to the rest of the country. (Already we have become the self-proclaimed, but undisputed, cross country ski capital of Canada). Let us hope that we can put together some events this year that are dedicated to the theme of "bringing home our own constitution".

Events coming up include the Lake Kashagwigamog Atom Hockey Tournament this coming weekend. It gets underway at the Haliburton Arena Friday at 4:00 p.m. and runs through to Sunday afternoon. These 10 year olds provide an exciting brand of hockey and everyone is welcome to attend and cheer them on.

The following weekend, January 15 and 16 the Minden Rotary Club host a PeeWee (12 year olds) Tournament at the Minden Arena. It begins at 8 a.m. Saturday.

Curling dominates the weekend of January 21 - 23 with the Skyline Curling Bonspiel in Haliburton and the Seagram's Mixed Bonspiel in Minden.

January winds up with Minden's Winter Carnival on the 28th, 29th and 30th. It's billed as the biggest ever and includes a parade on Saturday, a skating carnival, dances, car races on ice, ski tour, and of course a Carnival Queen.

Mark these on your calendar and we'll give you more to mark down for February in a couple of weeks.

A good thought

We had occasion last week to phone the Waterloo Better Business Bureau and found that their office was closed and the phone was answered by a recording. The recording gave the hours that the office would be open and then stated that "in the meantime, if you have been presented with an offer that sounds too good to be true...it probably is!"

Sounded like a good thought to bear in mind so we pass it along.

The Haliburton Huskies celebrated the festive season by picking up their second win against the Bracebridge Bears in Bracebridge last Sunday.

Mike Rae, number 17, was the driving force behind the win getting four goals and two assists on a dynamic line with Roger Hicks (5 points) and Kevin Shapiera (3 assists).

The win came in spite of a 5-1 Bracebridge lead at the middle of the first period.

Hicks opened the game with a goal at 47 seconds of the first period from Shapiera and Rae. Then the Bears kicked into gear and buried the Huskies by scoring five goals in ten minutes. Dan Henshaw, who was to figure

in the Huskies win by getting a massive collection of penalties in the second period, scored Bracebridge's first goal. Ron Guy, a Bracebridge five point scorer and co-incidentally number 17, scored soon followed by Chris Gibbs, Henshaw and Rennie Bakema. Duane Lennie was pulled during this scoring spree by Huskie coach Grant Rae after letting in three goals on three shots.

The Huskie defence regained control and held Bracebridge off the board until late in the second period. Mike Rae then began his evening and scored a goal at 15:15. Hicks and Rob Abbs picked up the assists. Seconds later Rae hit the mark again on a power play with Shapiera and Hicks setting up the play. The period ended 5-3.

Scott Mitchell opened up second period scoring taking a pass from Scott Rae. Andrew Shapiera also assisted. Rae, Hicks and Kevin Shapiera teamed up again for the next goal on a power play tying the game.

Bracebridge moved ahead when Marc Antonia connected after several minutes of tight playing. The Huskies managed to pull even however on a power play during the last seconds of the second

period. Hicks scored with help from Mike Rae and Butch Manary.

Rae scored again to open up the third at 2:17. Juvenile Ivan Ingram assisted with captain Manary again starting the chain of events. Ingram scored the winner at 14:59 and sealed the victory. Mitchell and Brett Austin assisted. Bracebridge scored later at 18:27 but it was too little too late. Ron Guy scored his second goal and fifth point unassisted.

A loss

Haliburton played Huntsville Boxing Day and was shut out 7-0 in Huntsville. The Huskies took 24 minutes in penalties but surprisingly there were only two power play goals by Huntsville and those at 17:21 and 17:31 of the third period.

Huntsville received scoring from P. Nicmsak, Kevin Pinkerton with two, Peter Atkinson, Mark Yarranton, Mike Marshall and Lance Week.

Don Manary Huskie captain is the team representative at the all star game Saturday night in Bracebridge at 7:30.

The Huskies play in Minden Sunday, January 9 against Bracebridge. Game time is 2:30 p.m.

Slippery roads cause accidents

Slippery conditions on the East Allen Lake Road in Harcourt Township resulted in serious injuries to a 54 year old Bowmanville man.

Dillon J. Langley, 54, was attempting to drive his vehicle up a steep hill when the icy roadway stopped his progress. He started to back down the hill, looking out the open driver's door. The door caught on a rock at the side of the road and Langley was pulled from the car as the vehicle continued to roll backward.

The car, with the passenger, Elizabeth Langley, 53, continued down the hill until it left the roadway coming to rest in a ditch. She was uninjured. Langley was taken to Haliburton Red Cross Hospital for treatment.

Constable Mike Maher was the investigating officer.

Roll over

Slush on the road is being blamed for a car accident December 30 on Highway 121 just west of the Allsaw bridge.

Doris Cleghorn, 19, of Scarborough was the driver of the vehicle which slid off the roadway and entered a deep

ditch. The car rolled over several times. Both the driver and her passenger, James Cover, 22, also of Scarborough were treated for minor injuries at Haliburton Red Cross Hospital.

The vehicle sustained \$4000 damage.

The accident was investigated by Constable Brian Ladurantaye.

Collision

A two car collision on the Kennis Lake Road resulted in \$4800 damage to the vehicles involved.

The two cars met on a curve on the snow covered road. Driver of the first vehicle was John Raschke, 51, of Weston, while the second car was driven by Ronald Cox, 49, of Oshawa.

The drivers were unhurt, however an 80 year old passenger in one of the vehicles, Frank Cox of Oshawa, sustained minor injuries in the collision.

The accident occurred January 1, shortly after 12 noon.

The incident was investigated by Constable Brian Ladurantaye.

puck talk

The Minden Juveniles played three games during the Christmas holiday period and had to be satisfied with a tie and two losses. The defeats contrast sharply with the team's outstanding record in the first part of the season.

The team travelled to Powassan December 28 and were downed 8 - 3. The Minden goals were scored by Scot Hamilton with a pair, and a single from Scott Rae. Jim McKelvey and Wade Barry assisted on the first Hamilton effort while McKelvey figured in his second goal. Ivan Ingram and Rob MacLeod assisted on the Rae marker.

The Juveniles narrowed the scoring margin, but still lost to Powassan the following day in that community. The final score was 4 - 3 in favour of the hosts. Scot Hamilton pegged all the goals for the Juveniles, earning a hat-trick. Scott Rae assisted on two of the goals while Ivan Ingram and Scott Rae received credit on the other tally.

The team travelled to Gravenhurst January 2 and came away with a 4 - 4 tie. Ivan Ingram scored the first for the Monarchs, connecting on a pass from Scott Rae. Kevin Warburton scored the second goal with help from Scott Rae and Ingram. Rae picked up the last two goals for the Minden squad with assists going to Kevin Warburton and Ingram on the first, and Tim Wood and Ivan Ingram on the second.

The last game was a bit of a heart-breaker for the Minden

team as they led 4 - 1 going into the final frame. Gravenhurst managed three unanswered goals to tie the game.

The team has seen some coaching changes over the holidays. Greg Carpenter is now calling the shots from behind the bench with Carl Hie assisting as manager.

The schedule

The Juveniles play host to their annual tournament this weekend at the Minden arena. Seven teams are expected to take part in the all-day event which begins at eight o'clock in the morning.

Four teams will be attending from Oshawa with Fenelon Falls, Bracebridge and Powassan also represented.

The schedule for the opening contests includes: 8 a.m. Minden vs. Woodview Park (Oshawa); 9 a.m. Fenelon Falls vs. Black Hawks (Oshawa); 10 a.m. Bracebridge vs. Ferhill Nipigon (Oshawa); 11 a.m. Powassan vs. Valley View Park (Oshawa). Games will continue through the afternoon with championship and consolation play-off series. Hockey fans are urged to take in some of the action this Saturday.

Other teams in the Minden Minor Hockey system, including Novice, Atom, Pee Wee and Bantam will be playing in Huntsville January 8.

The net billows behind Hall's Insurance netminder Doug Pearson, as an unidentified Rockcliffe Foamblower scores in Men's Recreational hockey action Monday night. The Foamblowers trounced Hall's Insurance 7 to 1 in the first game. Hartwick Construction came back from a first period deficit to beat Minden Home Hardware 8 to 6 in the second match.

1981 fire stats show \$878,000 loss

According to figures just released by the Ontario Fire Marshall's office, Haliburton County experienced 43 fires during 1981. Those blazes destroyed an estimated \$878,650 worth of property. One fire fatality was also reported in the county in that year.

The fatality occurred January 12 when 55 year old Alberta Margaret White died in a house blaze in Monmouth Township near Tory Hill.

Anson, Hindon and Minden township recorded the highest number of blazes in 1981, 15, although the greatest property value lost by fire in the year occurred in Dysart where, of eight fires experienced during the year, the total damage was \$349,000.

Both Glamorgan and Snowdon townships were fire-free during the year covered in the annual report.

The following figures outline the number of fires reported in each municipality and the estimated loss: Cardiff one fire - \$1700; Bicraft two fires - \$60,500; Monmouth two fires - \$36,500; Glamorgan and Snowdon - No fires; Lutterworth three fires - \$66,200; Anson, Hindon and Minden fifteen fires - \$136,700; Stanhope ten fires - \$143,500; Dysart eight fires - \$349,000; Sherbourne, McClintock and Livingstone two fires - \$85,000.

Total for Haliburton County forty-three fires - \$878,650.

Atom tourney starts Friday

The Lake Kashagawigamog Atom Tournament marks its tenth anniversary this weekend. Ten teams will be taking part in the event which begins Friday afternoon.

The tournament was started by the Lake Kashagawigamog Tourist Association in an effort to boost winter visitors to the area. When it started it was the largest hockey tournament in the county, attracting 16 teams for the three day event.

This year, due to a change in dates and the weaker economy, fewer teams will be attending. However, officials have planned the event so that games will continue throughout the weekend, ensuring those teams taking part a greater number of games.

The tournament will see four 'A' teams and 6 'B' teams square off in a round-robin series to decide the finalists in each division.

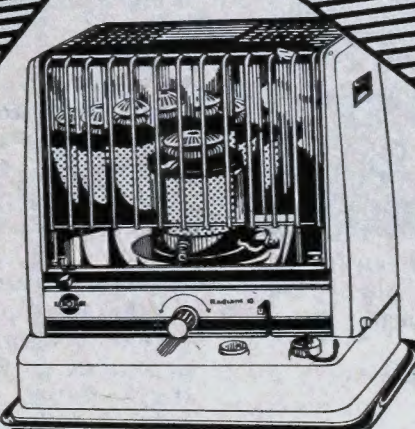

Teams will be attending from Oshawa, Port Perry, Peterborough, Bancroft, Gravenhurst, Ennismore, Leaside and Cedar Hill as well as the Haliburton entry.

Competition begins Friday afternoon at 4 p.m. and continues throughout the weekend.

OFAH objects to agreement

Officials of the 37,000 member, Ontario Federation of Anglers and Hunters (O.F.A.H.) have requested that the Honourable Alan Pope, Ontario Minister of Natural Resources, not sign the controversial tripartite agreement on fish resources with Ontario Indians.

Ontario's largest provincial conservation group did have the opportunity to review an earlier draft of the agreement, and made specific recommendations for changes. Some modifications were made as a result, and seen in an ensuing draft. However, these modifications were not sufficient, and on December 16, a telegram was sent to Mr. Pope stating that the agreement must not be signed.

On December 17, Mr. Pope and representatives of Indian groups did sign an agreement. The Federal Government did

not. If the Federal Government reverses its position, the agreement would take effect, to the dismay of non-Indian anglers and the tourist industry.

Article 3 of the agreement gives every Indian the right to "harvest fish" at any time of the year, by any means, anywhere in the province (except in areas that were sanctuaries before the agreement was signed). "Harvest fishing", for band use, includes the right to take fish for ceremonial purposes, for food for family or for band use, and the right to sell, trade or barter fish between Indian communities.

Article 6 provides for the zoning of all waters in Ontario. Some waters will be set aside for the exclusive use of the Indian people. On other waters, Indians would be able to pass restrictive regulations and even charge user fees to

non-Indian anglers. Some zoning provisions would give Indians exclusive commercial fishing and tourism rights.

The Federation points out that, the Natural Resources Minister of the day determines the zoning for each body of water. Who knows who the Minister will be in the future, or what the philosophy will be of the governing party after the next provincial election. Little in the agreement prevents the Minister from giving Indians the exclusive use of large numbers of waters in the province.

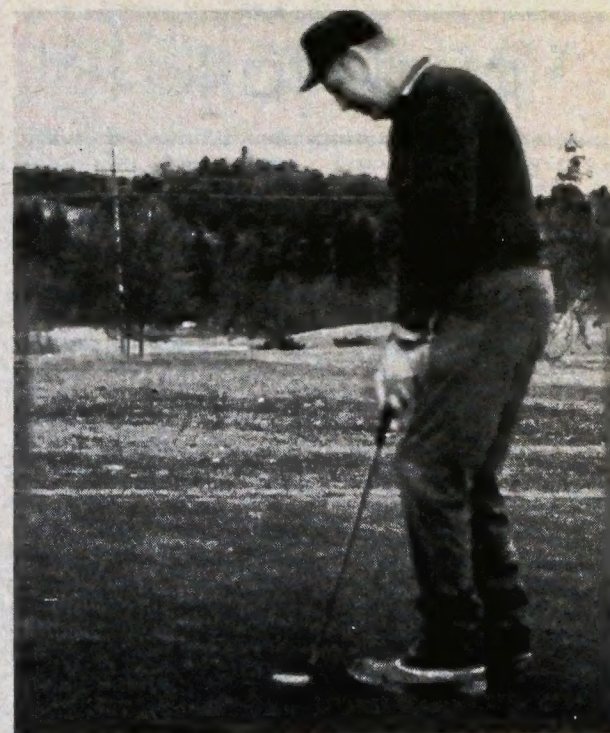

The O.F.A.H. does support certain sections of the agreement, and has no objection to those specific concepts being implemented immediately. Article 7 provides for the hiring of 20 additional, fully qualified, Indian Conservation Officers. Provided that

they report to the Ministry of Natural Resources (M.N.R.) and can enforce all fish and wildlife matters, the Federation would like to see them hired at once.

The purpose of Article 2 is to provide for the appointment of an independent biologist to study fisheries of concern to M.N.R. and the Indians and make scientific recommendations. The O.F.A.H. would like to see this provision extended to instances where it, as the principle representative of Ontario's anglers, has difference of opinion with the government.

Federation officials are extremely disturbed that the agreement, in its present form, was signed by Ontario's representative, Mr. Pope. They are now presenting their case to the Federal Government.

(Prepared by O.F.A.H.)

While a portion of his golf course is drowned by the Gull River, Beaverbrook owner Dave Stevens had an opportunity to test his putting form December 28. Mild weather had stripped the greens of snow and the temptation to play was too great to resist.

EMPLOYERS OCAP can help

If you are an employer who wants to hire a young, eager person but can't meet the initial training costs ...the Ontario government has an employment program just for you...

WHAT IS OCAP?

The Ontario Career Action Program is designed to help young people learn practical, marketable skills on the job. Many young people face a major problem. Lack of previous work experience prevents them from finding regular jobs related to their career goals and education, yet the only way they can get that experience is by being employed! OCAP was created to help overcome this dilemma by bringing together unemployed youths and employers, with the help of your local community college.

EARN WHILE YOU LEARN

OCAP provides on-the-job training for a period of up to 16 weeks. Trainees will receive an allowance of \$100 per week plus 4 per cent vacation pay from the Ontario Government. Income Tax, Canada Pension Plan and Unemployment Insurance premiums will be deducted. Trainees are responsible for their own health coverage but most

trainees will qualify for premium assistance. Enquire at your local OHIP office.

WHO QUALIFIES?

Trainers:

All Ontario businesses, industries, provincial government ministries, colleges, universities, Crown corporations, municipal and federal governments are eligible to participate.

You must ensure:

- * that the training will be for a period of up to 16 weeks, depending on the complexity of the job duties

- * that there are good prospects for employment of the trainee with you after OCAP

- * OR that the skills acquired in training are marketable in the community, so that job prospects for the trainee are good with other businesses

- * that no regular full-time or part-time employees are displaced in any way by the introduction of an OCAP trainee

**PLEASE DROP IN TO OUR HALIBURTON CAMPUS TO DISCUSS
YOUR TRAINING NEEDS OR GIVE US A CALL AT
705-457-1680.**

**sir sandford
fleming college**

OCAP CAN HELP

Are you between the ages of 16 and 24?

Have you been out of school for at least 3 months?

Are you actively looking for your first full-time, career-related job?

If the answer is yes to each of these questions, the Ontario government has just the program for you...

The Ontario Career Action Program

You may be finding it extremely difficult to get a job in your chosen line of work because you lack experience; at the same time, the only way to obtain this experience is by getting a job! The Government of Ontario has designed the Ontario Career Action Program (OCAP) to help you over this frustrating hurdle.

EARN WHILE YOU LEARN

The OCAP training period lasts up to 16 weeks, depending on the complexity of training. During this time, you receive a training allowance of \$100 a week.

GET PRACTICAL, ON-THE-JOB TRAINING

OCAP gives you practical, on-the-job training. You learn in a real work environment, one of the best ways to improve your job skills, work habits, and productivity. This work experience should increase your chances of obtaining that first all-important regular job. It should also help you to compete for jobs with more self-confidence. OCAP will not find you a permanent job, but it will help you to find one for yourself.

FIND THAT PERMANENT JOB

Job-search counselling and career guidance are also part of the OCAP experience. You will participate in workshops on how to search for employment effectively, how to write a good resume, and how to present yourself at a job interview. You will also be encouraged to apply for regular jobs and given help in arranging job interviews during your training.

HOW TO APPLY

Application forms for participation in the Ontario Career Action Program and further information are available from the OCAP office at your local community college or Canada Employment Centre.

FURTHER INFORMATION ON OCAP.

PLEASE DROP IN OR GIVE US A CALL AT 705-457-1680.

Farmer seminars planned

Plans are now being finalized for four financial management short courses to be held in the East Central Area during the winter months.

These short courses will be on a farm commodity basis with separate courses for beef producers, dairy producers, pork producers and cash crop growers.

Each course will be held once a week, for 6 weeks.

Also each course has a limited number of participants, so participation is on a pre-registration basis.

The Cash Crop course is being held in Port Perry and will be held in the day-time from 10:00 a.m. to 3:30 p.m. This course will be held on Mondays, starting on Monday, January 24. If there are enough interested participants, the Cash Crop course will be repeated on Tuesdays.

The Dairy Short course will be held in Omeme. This is also a day-time program with sessions running from 10:00

a.m. to 3:30 p.m. Tuesday is the day for the Dairy course, with the first session being held on Tuesday, January 25.

The first week in January is the deadline for applying for the Dairy Short course as well.

The Pork Short course will be held on Wednesdays, in Omeme. This course will also have day-time sessions, with the first one on Wednesday, January 26, and continuing for 6 weeks.

The deadline for applying for the Pork Short course is January 14.

The fourth short course will be for Beef Producers and it will be held in Woodville on Tuesday evenings from 7:30 to 10:30 p.m. It will also run for six weeks. The first session will be on Tuesday, February 1.

The deadline for applying for the Beef Short course will be Friday, January 14.

Further information on all four of these Financial Management Short Courses

is available from the Lindsay Agricultural Office. To apply, simply phone the office and leave your name, address and phone number.

4-H elections

Peter Peeters, of R.R. 4, Omeme was recently elected president of the Victoria County 4-H Agricultural Club Leaders Association.

Elections took place on Monday, December 13, Lindsay Agricultural Office, at the Association's annual meeting. Vice-president is Janice Jeffrey, R.R. 1, Lindsay. Secretary-treasurer is Mark Leahy, associate agricultural representative and past president is Don Madill, of R.R. 1, Lindsay.

Twenty-five 4-H club leaders were present to discuss the 4-H program for 1983.

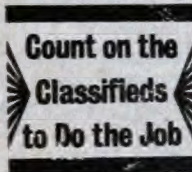

Victoria County will be adopting a director from the Canadian 4-H council. Mr. John Ellis, marketing manager for Credit Union in Don Mills will be attending the programs in the county in 1983.

County activities in 1983 will include a 4-H club exhibit competition, 4-H exchange, 4-H fair, Reach for the Top competition, organization meeting, baseball tournament, judging competition, beef clinic and a 4-H banquet and awards night.

4-H projects for 1983 include beef in Bobcaygeon, Dalrymple, Woodville, Little Britain, Fenelon and Omeme, dairy in Omeme, Lindsay (Kawartha), and Woodville - Little Britain and pony in Emily Township. Garden, field crops, heritage, marketing, sheep, swine, veterinary science, ploughing, evaluation, dairy management, beef management, financial management and poultry projects will be offered on a county basis.

A farm entrance improvement competition will be part of the 4-H program.

The 4-H club leaders are looking forward to a challenging year in 4-H in 1983.

Did you know?

Question: I have been refused credit because of an unfavourable report by an investigative agency. I believe that the information used was inaccurate. Can I see my file and correct this information?

Answer: Yes. Every reporting agency is required to disclose the nature and substance of all information to you during normal business hours. This includes the sources of credit and personal information, and the names of recipients of your consumer report which contains this information.

To review your file, you must make a written request: if necessary, arrange for an appointment with the reporting agency.

While reviewing your file, you may be accompanied by one other person. The reporting agency will require you and anyone accompanying you to show identification such as a birth certificate or other reasonable proof of identity.

If you find information that you believe is inaccurate or

incomplete in your file, the agency must support the claim, correct the error, make the information complete or take the information out of your file. According to the Act, the agency must send the new report to certain persons, including anyone who has been given the old report within the past 60 days. If you run into trouble with the agency, contact your nearest Consumer Services Bureau (139 George St. N., Peterborough, Ontario, K9J 3G6, tel: (705) 743-8728). If the consumer services officer cannot resolve your problem, your complaint will be forwarded to the Registrar of Consumer Reporting Agen-

cies. The agency will then have to provide the registrar with all the information that relates to your complaint. The registrar or a representative may also inspect the files the agency has about you. The registrar may order deletions in your file if the information is inaccurate, incomplete or does not comply with the Act.

book nook

The following is a list of books currently available for your reading pleasure at the Minden Library.

Juvenile Fiction

Title: Devil's Donkey. Author: Bill Brittain.

That's what Dan'l became when he trimmed some branches from the "Coven Tree". Take this easy-read book and find how Dan'l and his friends bargain with "Old Scratch" so he becomes a boy again.

Juvenile Non-Fiction

Title: Tales the Totems Tell. Author: Hugh Weatherby.

This book has many simple but dramatic stories of Indians. This book also has many excellent illustrations by the author and could be a good read-aloud book.

Adult Fiction

Title: The Onedin Line. Author: Cyril Abraham.

The Iron Ships is the second book in the popular series about Onedin Line, which began with the Shipmaster.

Owner and master of the Charlotte Rhodes, and with a half share in the Paspero, James Onedin is safely established in the shipping world of Victorian Liverpool. Now in partnership with Albert Frazer, he can concentrate on their ambitious plan - a great iron steam-driven ship which will make their fortune.

But James is not only the head of the Onedin Line; he, rather than his ineffectual elder brother Robert, is the head of the Onedin family. Any breath of scandal could ruin them all - Robert's expanding business and political interests, James and

Anne's steady progress up the social ladder. Elizabeth's marriage. And Elizabeth, as always is the problem. She is Albert Frazer's wife, but she has not forgotten Danial Fogarty, nor has he forgotten her.

Adult Non-Fiction

Title: Canadians All 2. Portraits of our People. Authors: Terry Angus and Shirley White.

This book contains short biographies on twenty Canadians including Sir Frederick Banting, Foster Hewitt, Stompin' Tom Connors and Alfred Shadd.

These people have contributed to this nation's heritage. Although the biographies are short and concise there is a list of other books on each person at the end of each biography.

by Yvonne Guida

Dear Readers,
A very happy New Year to everyone!

In today's world, there seems to be a lot of criticism but very little accolades given to the people who warrant them, so as 1983 begins, I would like to extend my appreciation to the dedicated colleagues I work with, for making The Times such a success. Editor and Publisher, Jack Brezina, Susan Beers, Circulation and Accounting, Bess Cox, Typesetting and Layout, Marta Scythes and Sharon Barclay, Advertising Layout, Jamie Friel, Reporter, Photographer, Jeanne Lacey and Bert Harrison. All of them work to turn out a super newspaper and I am very proud to be associated with them.

My new art class will begin in the Common Room of the Minden Cultural Centre on Tuesday, January 25 from 1:30 to 3:00 p.m. I hope to see a lot of you there. Anyone interested in attending may contact me at 286-2539.

Carrie Jones and Edith Welch were visitors to Edith's son Ron and his family in Frankfort, for Christmas. Margaret Miller drove Carrie and Edith to Ron's and then went on to visit friends in Trenton. They all had an enjoyable Christmas.

I received some very pleasant news last week. Thomas Wagner, director of music at Stewart School in Garden City, L.I., where I taught art and worked in the Library, Learning Centre for six years, has been named

"Teacher of the Year" for New York State. Congratulations, Tom, it couldn't happen to a nicer and more dedicated teacher.

Allan Stott is presently confined to Ross Memorial Hospital in Lindsay, following surgery on his shoulder. We sincerely hope he will have a speedy recovery.

Winnifred Bedlington, I am sorry to say, is back in the hospital in Oakville, having suffered another heart attack. Hopefully she will soon be well once more.

Agnes Jamieson is still confined to Memorial Hospital in Hollywood, Florida, following a brain hemorrhage. Everyone is very concerned about her condition which remains unchanged. We are all praying for her recovery.

People in the Sunrise Apartments got together for a lovely dinner Sunday evening. It was a combination Bon-Voyage and birthday party for John Rockory who leaves for Florida, and Mrs. Lena

Burton who celebrated her birthday. Ann Rockory cooked the turkey and all the residents brought the vegetables and goodies. A great time was had by all. We join in wishing them both the very best.

The winners of the Mini-Card Party at St. Paul's are as follows: euchre - lone hands - Marg McAfee and high, Diane Stevens.

Free movies will be shown in the Common Room of the Minden Cultural Centre this Friday. Movies for adults will be shown from 2-3 p.m., and children's from 7:15 - 8:15 p.m. Everyone is welcome.

I am sorry to report the deaths of Mr. Clarke Wilson, of Minden, and Mrs. Marjorie Watson of Halls Lake, last week. Our condolences to the members of their families and friends.

Lil Porter had a very enjoyable New Year's with her son Bill, his wife Jean, and their children, Eddy and Steven, from Oshawa, who came to help her celebrate. They had a lovely visit.

The Striving for Wisdom is the Second Paradise of the World.

Paracelsus

Sonnet of the Seasons

In dreams I have a necklace rare, of pure and burnished gold,
And in the centre is a gem, a wonder to behold.
Sometimes it is a sapphire blue, that glitters in the night -
By day, an opalescent pearl, at dawn's first rosy light.
In Spring, it has an amber hue as trees begin to bloom,
In Summer, it's an emerald, wafting Nature's sweet perfume.
In Autumn, it casts ruby gleams, as leaves begin to fall,

In Winter, it's a diamond, spreading brilliants over all.
And when I wear my necklace, I can see before my eyes
The great majestic towers and the gates of Paradise.
I feel the greatest happiness that wafts down from above,
A sense of quiet, lasting peace and overwhelming love.
These are my greatest treasures, and now I bid them shine,
To light the corners of your heart, as they have lighted mine.

senior league

by Bert Harrison

A real nice service in the Chapel Sunday night here at Hyland Crest. We had Murray and Phyllis Sisson as our special guests. Murray read the scripture lesson, and led us in prayer. Phyllis played for the Carol singing. We were glad that they were there. Phyllis sang three lovely songs, with a voice so sweet and clear, then Rev. Burgess, spoke on Kum Ba Yah, which means Come by Here.

Monday being a holiday there was not much activity going on here. Then Tuesday morning Rev. John Phillips of the Anglican Church, Haliburton had a very interesting service here. After singing carols with Fred Ballard playing, Rev. John read a real interesting story of a poor Swedish family who lived back in the hills, they had a little daughter who was very ill. Christmas time was nearing, and she wished for a doll, but the family was very poor, and had scarcely no money at all. Now she had a dear brother, I will get my sister a doll one way or the other. So he wrote to Jesus, a nice little letter, if he would please buy his sister a doll, he was sure that she would get better. Well Jesus didn't come himself, but sent a messenger instead, with a lovely doll for this girl on her bed. Now the moral of the story is the little girl got better through the faith her brother had for the sender of the letter.

I would like to thank Lola Prentice, who has been re-writing these letters for me every week, for all the effort she has put into it, it has been quite a chore. Owing to failure of her eyes, she just can't do it anymore.

I went to Arnie Wright and told her of my plight. She said she would type your letters for you and try to do them right. Thank you Arnie, we all think you are grand, and always so willing to give a helping hand.

The Sidney Browns are having a nice visit with their son Wayne after an absence of some years he is home again.

Mrs. Olive Hamilton says that her grandchildren came from Bramalea hoping there would be enough snow that they could have a ski. They were very disappointed but home they had to go and now that they have left, there is enough snow.

The kitchen staff served the

tea party on Thursday afternoon, with the help of some treats from Ingoldsby United Church, also a birthday party for those that had birthdays in December. Not having a birthday cake, they had Christmas cake instead for Elinor, Esther, Margaret, Arthur, and Teddy to help celebrate their birthdays.

Grace Coburn and Fred Ballard came on Friday afternoon to lead us in a sing song, with some merry tunes. Grace read three poems, "A Small Boy's Christmas Prayer", "The Good Young Days", and "Why Not For Merry". We look forward to when they come again.

Now when the wintry trumpet blows,

With January sleet and snows

Are spread o'er every vale and hill.

With one to tell a merry tale.

Of roasted nuts and a glass of ale.

And sit and care not for the gale.

And let the world laugh and it will.

CARD OF THANKS

We wish to extend our sincere
appreciation to all for their
many acts of kindness
towards Mother during her
confinement to hospital.

Special thanks to Dr. Good
and Dr. Abrahams and
hospital staff at Haliburton,
to Dr. Martin and Dr. Turner
and hospital staff at Peter-
borough Civic Hospital, to
V.O.N. for their homecare
and to all for their expressions
of sympathy during our recent
bereavement, for floral
tributes and donations to
Lochlin United Church, to the
Lochlin U.C.W. and the
Highland Chapter No. 230
Order of the Eastern Star.

A special thank you to our
wonderful neighbours for
their donations of food and
help with the chores, to Rev.
John James for his comfort-
ing words and to the Gordon
Monk Funeral Home for their
kindness and consideration.
God bless you.

The Annie Minaker family
